STANDARD CLUB (9430)
STANDARD CARNIVAL-2025 - REPORT

Date: 07/01/2025

Location: Maitree School, Adipur

On January 7, 2025, Bureau of Indian Standards (BIS), Gandhidham organized a successful program, Standards Carnival 2025, at Maitri School, Adipur to spread awareness of innovation and BIS standards. Schools, industries and educational institutions of Kutch participated enthusiastically. Government Polytechnic Bhuj presented three projects, in which the project “3D Printing Machine” was presented by the fourth semester students of Mechanical Department, Navdeep Rathod, Rudra Karatela, Darshan Vasani and Vinay Kumar Singh, while the Mining Department presented two projects, “Belt Tensioner and Fire Stopping” which were presented by Mitul Ode, Dhruv Solanki, Mayank Jhala, Dev Patel, Varun Chaudhary and Rajni Parmar. Activities like project display, quiz competition and project presentations were conducted in this program.

We are proud to announce that our institute’s student, Navdeep Rathod, Mechanical Department (4th Semester) was awarded for his excellent presentation of project “3D Printing Machine” in the Standards Carnival 2025 organized by BIS at Maitri School.

The event featured participation from schools, industries and educational institutions across Kutch, showcasing innovation and technical skills. Navdeep’s exemplary presentation and technical skills stood out in the competition, earning him well-deserved recognition.

This achievement highlights the talent and dedication of our students and teachers, which reflects our institution’s commitment to promoting innovation and excellence.

The Principal of Government Polytechnic Bhuj, Dr. Shri G. V. Lakhani Saheb, congratulated Navdeep Rathod and the team for making the institution proud.
